

2015 FCIX Presentations

Tuesday, June 9, 2015

[Project Aim 2020](#)

Mark Satorius, Executive Director for Operations, NRC

Keynote Address:

[The U.S. Nuclear Fuel Cycle – Looking Forward to 2020](#)

Eileen M. Supko, Principal, Energy Resources International, Inc.

[An Update on Safety Culture Activities](#)

Diane J. Sieracki, Senior Safety Culture Program Manager
Office of Enforcement

Nuclear Energy Institute (NEI) Session Title: *20/20 Vision*

[NEIs 20/20 Vision for Continued Collaboration and Improvement in NRC Licensing and Inspection Programs](#)

Introductory Remarks by: Janet R. Schlueter, NEI

[Licensing Program Roundtable Discussion: Best Practices, Areas of Improvement, Communications, and Industry Perspectives](#)

Participants:

- Robert Link, AREVA
- Scott Murray, GE-Hitachi
- Andy Sabisch, NFS
- Marissa Bailey, NRC/NMSS
- Larry Camper, NRC/NMSS
- Mark Lombard, NRC/NMSS

[Inspection Program Roundtable Discussion: Best Practices, Areas of Improvement, Coordination, and Industry Perspectives](#)

Participants:

- Robert Link, AREVA
- Adam Hilton, GNF-A
- Andy Sabisch, NFS
- Mark Lesser, NRC/Region II

Wednesday, June 10, 2015

[Integrated Safety Analysis... Are we there yet?](#)

Michael F. Weber, Deputy Executive Director for Operations for Materials, Waste, Research, State, Tribal, and Compliance Programs

Operating Experience Roundtable Discussion

Coordinator: Sabrina Attack, NRC/NMSS

Participants:

- [Fuel Cycle Operating Experience: 2015 and Beyond](#)
Sabrina Attack, NRC/NMSS
- [Regulatory Operating Experience at Canada's Fuel Cycle Facilities](#)
Michael Rinker, Canadian Nuclear Safety Commission
- [Operating Experience for Fuel Cycle Facilities in France](#)
Anthony Delamotte, The French Nuclear Safety Authority
- [Lessons Learned/Operating Experience](#)
Amir Vexler, GNF-A

Response to Threats at Fuel Cycle Facilities – NRC will share information on potential hostile action-based events including potential losses of special nuclear material

Presenters:

- [NRC Response to Potential Nuclear Material Loss](#)
Bruce Moran, NRC/NMSS
- [Hostile Aircraft Threats and NRC Licensed Facilities](#)
Bernard Stapleton, NRC/NSIR

[A Commissioner's Perspective on Current Fuel Cycle Issues](#)

Commissioner William C. Ostendorff

NRC, Region II Session

[Division of Fuel Facility Inspection Update, Inspection Findings and Performance Trends](#)

Mark Lesser, NRC/Region II

[Events Evaluation and Reactive Inspections](#)

Alan Blamey, NRC/Region II

Evaluation of Risk Significance Panel

Participants:

- [Assessment of the Change in Risk Resulting From a Violation at a Fuel Cycle Facility](#)
Manuel Crespo, NRC/Region II
- [Evaluation of Risk Significance Associated with Apparent Violations](#)
Andy Sabisch, NFS
- [Enforcement](#)
Thomas Marenchin, NRC/OE
