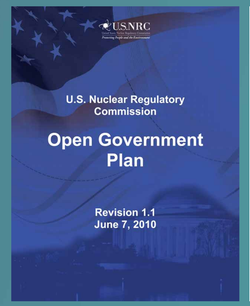
OPEN GOVERNMENT PROGRAM:

Taking Openness to the Next Level

The NRC has a commitment to transparency, participation, and collaboration in its regulatory activities.



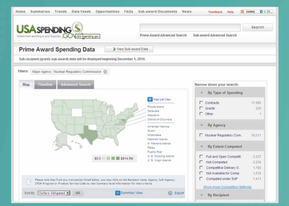
The NRC's Open Government Plan describes how the agency will further improve transparency and integrate public participation and collaboration into its activities.

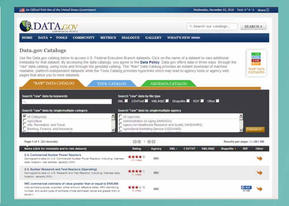
The NRC has established an Open Government Web page where it has published the Open Government Plan and its high value data sets.

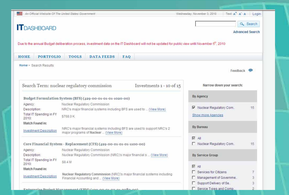
Virtual Meetings–Using technology to enhance public participation

- web conferencing
- video teleconferencing
- media streaming

Established the NRC Blog and continues to explore the use of social media to expand its interactions with the public







Where can you find NRC data?
The NRC promotes Governmentwide transparency by supporting the following Federal initiatives (among others):
