Public Participation in the NRC Tribal Policy Development Initiative

The U.S. Nuclear Regulatory Commission (NRC) encourages Tribal Governments, Tribal organizations, members of the public, and other interested parties to provide suggestions for both a proposed NRC Tribal policy statement and a draft Tribal protocol manual. The comment period closes April 1, 2013.

Details can be found online at

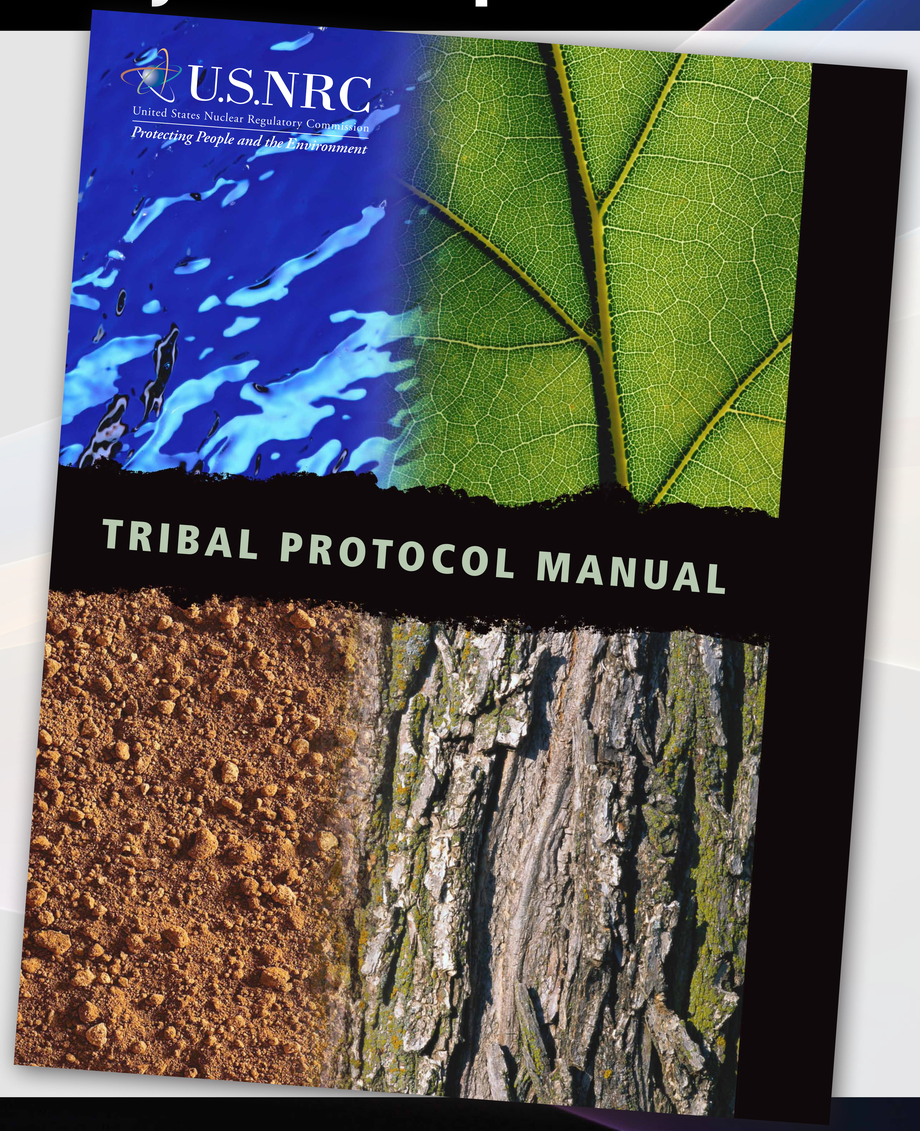
The NRC licenses and regulates the Nation's civilian use of byproduct, source, and special nuclear materials to ensure adequate protection of public health and safety, promote the common defense and security, and protect the environment. Additional information about the NRC can be found at www.nrc.gov.



Caution: The NRC does not use modification code stickers. You must not scan or use a QR code if it appears to be manipulated or modified in any way or appears not to be part of the original printing of the material.
